PARTNER WITH OBAP

OUR MISSION

OBAP is a world-leading organization that changes lives by creating a pathway to success through educating youth, communities, and professionals—shaping an aerospace industry as diverse as the people we serve.

ABOUT OBAP

Taking Flight

OBAP members encourage diversity in the industry by supporting aspiring aviation professionals through "Project Aerospace", a series of scholarships, mentoring, training, and youth-focused education programs. Today, OBAP serves over 3,000 professional and collegiate members and reaches hundreds of thousands of youth each year through its end-to-end workforce development model.

- **Aerospace Professionals In Schools (APIS):** Through in-person and virtual classroom visits, APIS introduces youth to the limitless opportunities available in aerospace and aviation beginning at an early age.
- **Aerospace Education Academy (ACE):** OBAP's Aerospace Career Education (ACE) Academy provides middle and high school youth with exposure to opportunities in aerospace through week-long summer academies. Endorsed by the Federal Aviation Administration (FAA), OBAP has played a leading role in establishing ACE Academies nationwide to introduce, educate and guide diverse students towards careers in aerospace.
- **Explore Aerospace:** OBAP's newest program gives students the opportunity to deepen their knowledge of aviation and aerospace through a hands-on STEM-based curriculum from the comfort of home. Over the course of two 12 week sessions, students will learn from industry professionals, about principles of flight, aerodynamics, aerospace careers, meet guest speakers, go on virtual tours and so much more!
- **Solo Flight Academy:** The OBAP Solo Flight Academy (SFA) is a two-week submersion in aviation training designed to excite and deepen exposure to opportunities in aviation, culminating in an unforgettable solo flight experience.
- **Collegiate Chapters:** OBAP collegiate chapters are registered student organizations chartered at colleges and universities nationwide. They provide essential guidance to aspiring aerospace professionals of color, offering mentorship, scholarships, and career readiness programs.
- **Luke Weathers Flight Academy:** In 2018, OBAP launched the Lt. Col. Luke Weathers Jr. Flight Academy (LWFA) in Memphis, Tennessee. The Academy offers FAR 141 and 61 Flight training, mentoring, and more.

With your support, OBAP can continue the programs and initiatives that have effectively led to positive and incredibly exciting change within aerospace for almost 50 years.

ABOUT OBAP

Our Impact

The Organization of Black Aerospace Professionals is the international voice for excellence in aerospace. Focused on strengthening the profession through advocacy, youth programming, continuing education, and celebrating excellence, OBAP promotes inspired collaboration for a more diverse industry.

OBAP's Corporate Partnership program offers companies a unique year-long marketing opportunity to establish a relationship with OBAP members. Funds generated from this program help support OBAP's programming, thus supporting our youth enrichment outreach and our members' work and professional development.

3,400 Active Members

OBAP members are part of a network of current and aspiring aerospace professionals dedicated to continuing the organization's 45-year legacy of influence in aerospace. OBAP stands as a leader in the aerospace community, providing programming to equip future aerospace professionals, and forging partnerships to ensure access and diversity in aerospace for decades to come.

200,000 Youth

OBAP's Project Aerospace offers annual opportunities to inform and prepare aspiring aerospace professionals for their future careers. This dream-to-career commitment includes initial exposure to the industry through in-school career day events, immersive summer programs, flight training academies and professional development opportunities held nationwide.

30+ ACE Academies

OBAP's ACE Academies feature lessons taught by aerospace professionals. Students will experience field trips, air traffic control towers, aircraft maintenance tours, airport tours, military base tours and so much more. All ACE Academy students will get to take flight at the controls during a discovery flight. OBAP's ACE Academies are truly an immersive aerospace experience!

18 Collegiate Chapters

OBAP collegiate chapters are registered student organizations chartered at colleges and universities nationwide. They provide essential guidance to aspiring aerospace professionals of color, offering mentorship, scholarships, and career readiness programs.

Professional Development

The Aerospace Professional Development Program (APDP) is designed to help candidates advance in their careers through mentoring, interview preps, and by offering unique training scholarships and internship opportunities.

Virtual Events

In response to COVID restrictions, OBAP has created a suite of virtual programs and events. This new outreach mechanism has allowed us to increase our reach to students and aerospace professionals worldwide.

YOUR PARTNERSHIP MATTERS

TOGETHER, WE ACHIEVE MORE

Without our corporate partners, we'd never be able to do what we do – provide programming that exposes youth to the endless possibilities of aerospace and empowers professionals to earn rewarding impactful careers. The generosity of partners like you propels our mission and our communities forward.

When you become a partner, you join a community of bold companies that share our vision of an aerospace industry as diverse as the world it serves. Together, we're making a significant impact, and if you join us, you can too. Strategic partnerships can be tailored to your needs, and our structure allows you to execute a global campaign at the grassroots level.

A corporate partnership with OBAP can give your organization a way to enunciate your social responsibility strategy clearly and concisely – helping build a world where everyone has the opportunity to reach their dreams and elevate their future. Create a meaningful relationship with the impact, history, and brand value of OBAP and make yourself stand out with your consumers, vendors, employees, peers, or business partners.

CELEBRATING OUR HISTORY OBAP'S 46TH ANNUAL CONFERENCE

Greetings from OBAP,

It is an exciting time for OBAP and the aerospace industry. The growth and expansion of the sector are providing more opportunities for our members, sponsors, and exhibitors to achieve their professional goals.

The 46th Annual Conference will provide the opportunity for our members and partners to reconnect in person and deepen connections for the first time in two years. Together, we'll celebrate personal and professional achievements and look forward to a promising future.

We invite you to experience it for yourself in 2022 as an exhibitor, sponsor, or both. This prospectus summarizes the many ways you can get involved, along with the necessary forms to facilitate the process easily.

We value our relationships with you, our partners. You make it possible for us to continue the work that we do, and we are grateful. Thanks for your continued support, and we look forward to seeing you in Phoenix!

With sincere gratitude,

Joel Webley
Chair, OBAP Board of Directors

**THANK YOU
FOR YOUR CONSIDERATION**

A large, dark-colored aircraft wing and landing gear are visible, extending from the right side of the frame towards the left. The wing is positioned horizontally, and the landing gear is visible below it. The background is a warm, orange-hued sky with soft clouds, suggesting a sunset or sunrise. The overall image has a high-quality, professional appearance.
